
CORPORATE OVERVIEW / 2026

Capital, projects and international execution

Thaddeus International Investment Consultant coordinates specialist expertise across finance advisory, trade, project development and strategic capital discussions.

THADDEUS INTERNATIONAL INVESTMENT CONSULTANT

Clear mandates. Specialist expertise. International perspective.

01 / BUSINESS LINES

An integrated advisory platform

Mandates are shaped around documented objectives, counterparties and transaction requirements.

Financial structuring

Assessment and coordination of capital structures, bank instruments, guarantees and documentary requirements.

Commodities & trade

Agricultural products, energy, metals and raw materials: sourcing, supply, delivery terms and payment arrangements.

Escrow coordination

Documented milestones, release conditions and transaction communication with the appointed authorised escrow provider.

Projects & innovation

Infrastructure, healthcare, hospitality, green mobility, industrial development and digital-asset projects.

Geographic focus

UAE and Middle East • Central Europe • United Kingdom • Africa • Americas • Asia Pacific

Thaddeus coordinates the engagement. Regulated custody, payment, banking and investment services, where required, are provided by duly appointed authorised institutions. Scope, fees, responsibilities and deliverables are agreed for each mandate.

02 / 2025 CLIENT PROJECT PORTFOLIO

Projects grounded in the real economy

These figures reproduce the programme presented by Thaddeus. Each project has a distinct status and review process.

Residential care projects (RSA)	EUR 1,055,000,000
Hotels & tourism	EUR 108,000,000
Industrial plants - Italy	EUR 958,000,000
Industrial plants - other regions	EUR 448,000,000
Humanitarian projects	EUR 117,000,000
Real estate	EUR 293,500,000
Projects on hold (deduction)	(EUR 800,000,000)
2025 NET CLIENT PROJECT PORTFOLIO	EUR 2,179,500,000

Gross EUR 2,979,500,000 - on hold EUR 800,000,000 = net EUR 2,179,500,000

Gold Utility Token / GUT

The project documentation describes a fixed supply of 21,000,000 GUT. This is a token quantity, not a USD valuation. Whitepaper and token terms should be reviewed separately.

Programme values describe reported initiatives and do not represent committed capital, assets under management, a return forecast or a guarantee. Current scope, licence and due-diligence requirements apply to every mandate.
