

CORPORATE OVERVIEW & SERVICES / 2026

Connecting expertise. Advancing projects.

International consultancy and transaction coordination.

Thaddeus International Investment Consultant brings together clients, specialist advisers and institutional counterparties to structure the work behind international projects and commercial transactions.

THADDEUS INTERNATIONAL INVESTMENT CONSULTANT

Clear mandates. Specialist expertise. International perspective.

01 / CORPORATE IDENTITY

A clear mandate. An international outlook.

Thaddeus Investment is the trading name of Thaddeus International Investment Consultant, a Dubai consultancy organised as a Sole Establishment.

Public corporate details

Professional licence No. 1247251

Licensed activity: Investment Consultancy

Issuing authority: Dubai Department of Economy and Tourism (DET)

Licence issue date: 11 October 2023

Expertise through collaboration

Our work spans investment and business consultancy, project and transaction coordination, documentary preparation and liaison with professional counterparties. Each assignment is defined by its agreed mandate, deliverables and responsibilities.

Specialist delivery

Banks, legal advisers, compliance specialists and authorised service providers retain responsibility for their own regulated services, approvals and contractual commitments.

Corporate details aligned with the company-supplied CIS dated 3 October 2026.

02 / SERVICES

From opportunity to an organised mandate.

01 / Investment & business consultancy

Opportunity assessment, commercial positioning and specialist advisory coordination.

02 / Project & finance advisory support

Preparation of project information, business plans and funding discussions with suitable counterparties.

03 / Commodities & trade

Commercial and documentary coordination across commodity supply and international trade mandates.

04 / KYC / KYB support

Organisation of corporate and transaction documentation for review by appointed counterparties.

05 / Transaction administration

Coordination of contractual milestones, information flows and agreed reporting responsibilities.

06 / International liaison

Communication with banks, legal advisers, technical specialists and authorised escrow providers.

Scope, fees, responsibilities and deliverables are agreed for each engagement.

03 / TRADE & ESCROW COORDINATION

Clarity at every stage.

A documented workflow connects the parties, their advisers and the appointed payment or escrow institution.

01 / Define the mandate

Agree the transaction scope, counterparties, responsibilities and documentation requirements.

02 / Prepare and review

Coordinate KYC / KYB materials, commercial terms and review by the relevant professionals.

03 / Document the conditions

The parties and authorised provider agree funding arrangements, release conditions, approvals and dispute procedures.

04 / Track and close

Monitor documentary milestones and reporting. The appointed institution executes any custody, payment or release obligations.

Thaddeus coordinates the engagement. It does not hold client funds as a regulated escrow provider unless expressly permitted by its licence, applicable law and a documented engagement. Regulated custody and payment services are provided by duly appointed authorised institutions.

04 / PROJECT PROGRAMMES

A transparent view of reported activity.

2026 / Client Project Portfolio: EUR 315.9 million

Indicative project programme. This figure does not establish committed funding, approved financing or completed investments.

2025 / Client Project Portfolio

Residential care projects (RSA)	EUR 1,055,000,000
Hotels & tourism	EUR 108,000,000
Industrial plants - Italy	EUR 958,000,000
Industrial plants - other regions	EUR 448,000,000
Humanitarian projects	EUR 117,000,000
Real estate	EUR 293,500,000
Projects on hold (deduction)	(EUR 800,000,000)
2025 NET CLIENT PROJECT PORTFOLIO	EUR 2,179,500,000

Gross EUR 2,979,500,000 - on hold EUR 800,000,000 = net EUR 2,179,500,000

Sources: company-published 2025 profile and 2026 website programme. These are reported programme values, not independently verified valuations, assets under management, revenue or a guarantee of funding. Project status and terms require transaction-specific due diligence.

05 / INNOVATION & CONTACT

Start with a well-defined project.

Gold Utility Token / GUT: a project in development

The project documentation states a fixed supply of 21,000,000 GUT. This is a token quantity, not a USD valuation. Any participation is subject to the applicable project documentation, terms and regulatory requirements.
